† For equal instalments without interest: A minimum purchase of \$500 before taxes is required. Taxes applicable must be paid at the time of purchase. The first payment is charged on the next account statement after the purchase (monthly payment included in the credit card's minimum payment due). No interest is charged on the monthly payment if the minimum payment due is made by the due date indicated on the statement. If this condition is not met, interest at an annual rate of 19.9% will be calculated on the amounts past due, including the unpaid monthly payment, i.e. average daily balance past due \$ 500; credit charges \$8.18. The interest rates are subject to change without notice. For 36 equal instalments at fix interest rate: Subject to Desjardins Card Services credit approval. Certain conditions apply. The Desjardins Accord D financing program is available with the RONA, RONA VISA Desjardins and VISA Desjardins credit cards. You can apply for the RONA card on the same day in store. The interest rate will be determined by the final balance of all the purchases related to your renovation project by the end date of your grace period (2 months from your first purchase). Multiple purchases totalling \$2,500 and more will be financed at a 6% annual interest rate. For example: financing amount of \$3 000 paid in 36 equal payments of \$91.27 per month (included in the credit card's minimum payment due) for a total of \$3 285.57; total credit cost is \$285.57. For purchases of \$2,500 and less, financing will be available at a 13.5% annual interest rate. Interest rates are subject to change.
