\*AIR MILES Program, terms and conditions at RONA In-store purchase: Get 1 AIR MILES reward mile for every purchase of \$20 (before taxes) in a single transaction, after applicable discounts and exclusions, at all RONA participating stores. Online purchase on [rona.ca](http://rona.ca): Get 1 AIR MILES reward mile for every purchase of \$20 (before taxes) calculated on the value of each purchase picked up in store or delivered to the address specified for the delivery, after applicable discounts and exclusions, at all participating RONA stores. The total number of base miles, calculated on an online purchase picked up in store or delivered to the address specified for the delivery, may vary from the number of miles shown in the online shopping cart, since base miles are calculated on the value of each purchase picked up in store or delivered to the address specified for the delivery, where applicable, and not from the total value of the online purchase. Other conditions: Exclusions include, but are not limited to, purchase of gift cards, donations, purchases charged through a RONA store account and any other commercial agreement. The purchase charged through the regular and financing limit of the RONA and Reno-Depot credit cards can be applied for reward miles as soon as the AIR MILES number has been paired up with the credit or financing account. The number of reward miles awarded is rounded down to the next whole number. The AIR MILES reward miles are accumulated and accounted for not at the time of the payment of the product or service by the customer, but at the time the customer takes possession of the product in the case of a product purchase, or at the time that the service was completed and that the final work completion acceptance certificate is signed by the customer in the case of the purchase of a service. In addition, in order for the AIR MILES reward miles to be accumulated and accounted for the delivery, the customer must have previously paid in full by the customer. For example, and without limiting the general scope of the foregoing: (1) for online purchases, special orders and purchases of appliances, the AIR MILES reward miles are accumulated and accounted for when the product is received by the customer via delivery or at the time the customer picks up the product in-store only if the product was previously paid in full by the customer; (2) for installation services, the AIR MILES reward miles are accumulated and accounted for at the time of the completion of all works and services, only if the final work completion acceptance certificate was duly signed by the customer and if such services and works were previously paid in full by the customer. In case of a return of merchandise, the base reward miles will be deducted from the AIR MILES Collector account. The AIR MILES Collector Card must be presented at the time of the in-store purchase or the AIR MILES number must be entered in the online shopping cart. Certain conditions apply. Details in store. This offer is subject to change without notice.

### An advantage that adds up with AIR MILES® Reward Miles

With the RONA Commercial Card, every step... adds miles! By simply paying for your purchases with your RONA Commercial Card, you earn one mile with every \$20 worth of purchases billed to your account. Plus, until January 31, 2021, by also presenting your AIR MILES Card, you can get even more miles thanks to the base offer\* of participating stores.

You do not have an AIR MILES Card? Register easily in store, online at [airmiles.ca](http://airmiles.ca) or by calling 1 888 AIR MILES (1 888 247-6453).

The RONA Commercial Card is an easy and effective business solution for managing your purchases.
